FIX VALUES ON INFECTED FARM STOCK

House Passes Bill That Regulates Standard of The State's Liability

FOR ANIMALS KILLED DURING RECENT CATTLE EPIDEMIC.

AN AGRICULTURAL BOARD

Will Supplant the Present Commission, to Be Composed of Ten Members Appointed By the Governor—Public Health Bill—News of the Ohio Legislature for the Day.

(Associated Press Telegram) Columbus, April 7.—The house today repassed the Smith-Mallow agricultural bill in order to remedy any possible defect caused by an unsuccessful attempt when the bill passed several weeks ago to attach an emergency clause. The bill was amended today to provide that live stock owners may receive no greater compensation for infected animals slaughtered by order of state authorities than the value of the animals as returned for taxation. This was offered by Representative Agler of Stark. The vote was 81 to 27, nearly half the Democrats voting for the measure.

Other amendments proposed but defeated, provided that compensation should be paid for animals killed by official order only, according to their value before being slaughtered, instead of before infection, which the bill provided as passed.

The main change in the measure, as passed today from that originally introduced in the house, is that the state board of agriculture, which will supplant the agricultural commission, shall consist of 10 members instead of nine. Five from each of the two dominant parties are to be appointed by the governor.

The house public health committee today reported out the Vorhies bill, providing that physicians and local health officials shall report cases of infectious, contagious or incurable diseases to the state board of health, which is authorized to keep a complete record of these. The house held the first morning meeting on another day than Friday since the session opened.

The house passed the Lustig bill, providing a legal means of returning an overpayment of taxes without special action by the legislature and the Pence bill permitting an automobile owner to transfer from one machine which he has sold to another new car license tags of the first car.

The house also concurred in senate amendments to the Hoy medical practice measure, which now is ready for signature of the governor.

A congressional district "gerrymander" to restore the districts existing in 1911 before the Democratic gerrymander, is being arranged by the house and senate committee on federal relations, it became known today. It was said a bill providing for the change in districts may be introduced next week.

Representative Sprague of Scioto county and Senator Winans, of Lake, are chairmen of the house and senate committees respectively which will have charge of the gerrymander bill. They have discussed the proposed (Continued on Page 9, Col. 4.)

Admiral Fiske No Longer Naval Advisor

Admiral B. A. Fiske, who has been chief advisor to Secretary Daniels of the navy department, will not act in that capacity longer. The reasons for his getting out have not been told. However, it is assumed in Washington that he has come to a serious disagreement with the head of the navy over the policy being pursued at this time. When he was asked to testify before a House of Representatives committee some time ago about the condition of the navy, he said it was not anywhere near preparation for war.

Earthquake Was Felt In California

(Associated Press Telegram) San Jose, Cal., April 7.—An earth shock was recorded at the observatory of San Clara university on all three components of the seismograph yesterday morning, beginning at 8:28:22 o'clock and steadily declining until 8:33:36. Professor E. F. Newlin estimates the epicenter of the disturbance at 89.6 kilometers, almost directly northwest, or just north of the Golden Gate, where the big shock of 1906 originated.

FIELD ASSESSORS ARE APPOINTED IN HAMILTON COUNTY

(Associated Press Telegram) Cincinnati, April 7.—Twelve field assessors were appointed today by district tax assessors, Edmondson and Washburn and they started out immediately upon their work. The appointments were made from the eligible list furnished by the state civil service commission.

The 19 clerks who were temporarily suspended from duty when the new board took charge, reported for duty today and were again told that their services were not required. It is their plan to return each day until they are given formal notice that they are discharged.

PRINZ EITEL READY FOR A DASH TO SEA

United States Gave Commerce Raider a Chance To Break Cordon

UNDER COVER DARKNESS WHICH WAS NOT TAKEN

ALABAMA STILL ON DUTY

And All Night Long, With Decks Cleared for Action, Swept the Harbor With Powerful Searchlights, Determined to Prevent Any Violation of American Neutrality.

(Associated Press Telegram) Newport News, Va., April 7.—Shortly before 3 o'clock the Eitel hoisted a line of signal flags and blew her whistle. One shrill blast was sounded. Smoke was pouring from both of her funnels.

(Associated Press Telegram) Newport News, Va., April 7.—The German commerce raider Prinz Eitel Friedrich did not sail from this port last night. Opportunity to leave neutral waters under cover of darkness was afforded by the United States government, which had denied clearance to merchant ships of Germany's belligerent enemies.

Daybreak today found the Eitel still moored to her pier at the shipyard, but a few hours remained of the 24-hour period in which she would be permitted to attempt to pierce the cordon of allied warships hovering outside the three mile limit of the Virginia Capes. Since Commander Thierichsen failed to take advantage of a particularly dark night to escape, belief here early today was that the cruiser would be interned.

The fact that customs officials were in close touch with the situation throughout the night, coupled with the unusual activity displayed by naval and military patrols, which guarded every approach to the Eitel from land and sea, led to the belief that final settlement of the question concerning the cruiser's plans would be determined within a few hours. With decks cleared for action, the United States battleship Alabama swept Hampton Roads with her searchlights almost until dawn. All steam was up and the warship was prepared for any eventuality which might have arisen to threaten American neutrality.

Internment, the collector of the port said would be a simple process when the question arises. One indication that the Eitel had not been interned early today was the continuation of the ban on the departure of merchant ships of the allies.

Customs officials here and at Norfolk were appealed to by British ship captains for permission to leave. They were told they could not leave port until further notice and no assurances were given as to when they might sail. Local business organizations are asking for some definite move, maintaining that the situation is injurious to the business of this port. Officers and men of the Eitel had no shore leave today.

Twenty-five merchant ships flying the flag of the allies, many of them loaded with horses were being held up here today refused clearances pending developments in the case of the German converted cruiser Prinz Eitel Friedrich.

The Eitel's time limit under the neutrality laws was as closely guarded as ever, although the belief in maritime circles was that it was rapidly drawing to a close.

FARMER KILLED BY CHICKEN THIEVES

(Associated Press Telegram) Cleveland, April 7.—John Soss, 40, a farmer, was found dead in front of a chicken coop at the rear of his home near West Park, early today. A bullet had penetrated his spine and lodged near his heart. Chicken thieves have been active in West Park for over two years and every farmer in the neighborhood has been on the lookout for them. It is the belief of the authorities that Soss was killed by a chicken thief. A posse was organized to run down the murderer.

ALASKA MAY VOTE

(Associated Press Telegram) Juneau, Alaska, April 7.—A bill submitting the question of territorial prohibition to the voters at the general election Nov. 4, 1916, passed the lower house of the Alaska legislature yesterday by a vote of 14 to 2. It now goes to the senate. Should prohibition be adopted, it would become effective Jan. 1, 1918, under the terms of the bill.

Raymond Swoboda, Accused As Spy By French

Raymond Swoboda, a mysterious character, who may be an American, a German, or a Frenchman, is now under arrest in Paris on the charge of having tried to smuggle the liner, Touraine, which caught fire off the Irish coast on a trip from New York to France.

He and his friends maintain that he is an American and that he has been selling goods bought in the United States to French contractors, who are supplying the army. His case will be taken up by the state department at Washington just as soon as he shall have made protest against the action of the French authorities.

Man's Head Crushed By Falling Rock In a Quarry At Black Hand Tuesday

John Bogdan, a Roumanian, aged 48, met with an accident in the Everett stone quarries east of Hanover yesterday afternoon about 2:30 o'clock which resulted in his death two hours later.

Bogdan with a number of fellow workmen was engaged in getting out stone and he was working in a cavity under a ledge when a large rock became loosened and fell, striking the unfortunate man on the head, crushing his skull. Medical assistance was summoned as was also Criss Bros' ambulance from this city, it being the intention to take the injured man to the City Hospital.

He died, however, before the hospital was reached.

John Bogdan was born in Roumania and came to this country four years ago, leaving a wife and three sons and one daughter in his home across the sea. He was frugal and industrious and hoped some day to send for his family to come to America and join him here. He had been in the employ of the Everett company for about a year. A step-son resides in this city.

The funeral will be held Thursday afternoon at 2 o'clock from the Roumanian Greek Orthodox church, corner of German street and Poplar avenue, a priest from Alliance, O., officiating. Interment will be made in Cedar Hill cemetery.

Decisive Battle Is In Progress Or Impending Between the Villa And Carranza Forces Numbering 40,000

(Associated Press Telegram) Washington, April 7.—A battle with 40,000 troops engaged and which may be a deciding action in the war between the Carranza and Villa factions in Mexico, is in progress or impending near Irapuato in the state of Guanajuato.

State department dispatches today dated April 5, but delayed in transmission, sent by special agent Carothers, with General Villa, said the fight would take place soon. That was construed to mean that Villa had assembled a force strong enough to meet General Carranza's army and was moving south from Torreón along the National railway.

Oregon was last reported at Querretaro and was said to have sent a column against San Luis Potosi, while he protected its march

with a second column and a third division of his army under General Hill moved toward Morelia, capital of Michoacan.

Oregon is understood by officials here to have 20,000 men and it is said Villa has gathered an equal number.

Irapuato is the junction of the Mexican Central and the National railway toward which Oregon's forces are advancing. The state de General Carranza is defeated in this expected engagement, his important strongholds will be Tampico, and Matamoros.

Advices to the Carranza agency said the gunboat Guerrero reached Guaymas Monday night and her commander notified foreigners to leave the port as he intended to open a bombardment.

Von der Goltz Pays Visit To Austrian Emperor On His Way to Constantinople

(Associated Press Telegram) Vienna, April 7.—Via Amsterdam and London.—Field Marshal von der Goltz, on his way back to Constantinople from Berlin, stopped in Vienna and saw Emperor Franz Joseph. Later he spoke to a reporter of the Neue Freie Presse of his visit, saying: "I found Emperor Franz Joseph in a serious mood, but resolute and very confident."

Regarding the situation in Turkey, Field Marshal von der Goltz said: "Turkey today is better prepared than ever. She has a million and a quarter of well-trained men. In addition to several hundred thousand re-

serves for any emergency. As the entente powers are interested politically in encouraging news, the destruction of the outer forts at Seld-El-Bahr and Kum-Kaleh, which was only partly favorable to them, was made to appear a great victory. How little Constantinople was alarmed by these attacks may be seen from the fact that the sultan remained in his palace a short distance from the sea. Nor did the attacks have the least effect upon the population."

ENGLISH SUFFRAGISTS WILL TAKE NO PART IN PEACE CONFERENCE.

(Associated Press Telegram.) London, April 7.—Mrs. Emmeline Pankhurst announced today that the women's social and political union and the other suffrage organizations in Great Britain and France had decided not to participate in the forthcoming women's conference at The Hague to consider the question of peace. In this connection the British militant leader says: "This movement is well meaning but mistaken. Those running this conference have no political influence. Pro-Germans are working hard in this direction here and in neutral countries and much German money has been circulated in America, but this is not the time to talk peace."

FIGHT FILMS ARE BARRED IN THE U. S.

(Associated Press Telegram) Washington, April 7.—Persons who had hoped to see the Willard-Johnson fight in motion pictures, will be disappointed. It was recalled here today that a federal statute expressly forbids not only the interstate transportation of fight films, but the importation of such films from foreign countries. It provides a fine of \$1,000 and imprisonment for one year or both for each offense.

The law was passed by congress on July 31, 1910, 27 days after the Johnson-Jeffries fight at Reno, Nev., and resulted from fears on the part of many members of congress especially from the south that race riots would follow attempts of the promoters to show the fight in the "movies."

FRENCH ORDERED SHRAPNEL STEEL OF CARNEGIE CO.

(Associated Press Telegram) Pittsburgh, April 7.—An order calling for 45,000 tons of steel rounds for shrapnel, has been placed with the Carnegie Steel company by a Cleveland concern, acting for the French government. The order is said to be really a doubling of one placed by the same interests with the Lackawanna Steel company and calling for a total of 90,000 tons at a cost of approximately \$2,300,000.

QUARANTINE ON SERBIA.

(Associated Press Telegram) London, April 7.—Charles J. Vopicka, the American minister to Rumania, Serbia and Bulgaria has advised Ambassador Page from Bucharest that Bulgaria has established a quarantine against Serbia on account of the typhus. Incoming travel has been stopped, even at Saloniki.

Dictionary Construction Of Word "Between," Settles Division of \$100,000 Estate

(Associated Press Telegram) Portland, Ore., April 7.—A dictionary's strict construction of the word "between," was used by the state supreme court yesterday in deciding that Mary Ann White and May Ellen Jackson of Crescent City, Cal., sisters-in-law of the deceased, were entitled to half of the \$100,000 estate of the late Mary Roelfs, who died a year ago in Portland and that the other half should go to Mrs. Roelfs' consins and progeny, 113 in number.

"The rest and residue of my estate I give and bequeath to my consins, the names of whom can be obtained from Frank Duffly, 239 Hammond street, Bangor, Maine, and to the sisters of my deceased husband, the names of whom are Mary Ann White and May Ellen Jackson,

Russians Bringing Up Heavy Reinforcements To Push Carpathian Attack

AUSTRIAN AND GERMAN COMMANDERS ALSO TRYING

TO STRENGTHEN FORCES

Vienna Admits Retirement at One Point But to Offset This Reports Successful Counter Attack at Another—Drastic Prohibition Measures By England But Not Total.

(Associated Press Telegram) London, April 7.—The military situation in the Carpathians is competing with the prohibition question in the interest of the British public. The cabinet meets today. It is expected that announcement will be made of measures to provide drastic restrictions on the consumption of liquors, but total prohibition is not expected.

Attention is concentrated on the Carpathian passes, where the Russians are bringing up heavy reinforcements to push their attack, the success of which is expected only through weight of numbers. On the other hand, the Austrian and German commanders also are making strenuous efforts to strengthen their forces.

Petrograd reports that the section near the Ussok Pass, where Vienna admits a retirement, extends for a distance of seven miles. To offset this, Vienna claims a counter offensive movement near the Ussok Pass, where the Austrians report the taking of several Russian positions with the capture of 7,000 prisoners. A conservative interpretation of both the Russian and the Austrian reports leads to the belief that the Russian offensive at Lupkow has been checked, while they have forced their way through the Rostok Pass, capturing two villages on the southern side of the range.

In the western arena of the war, the French continue their offensive movement between the Meuse and the Lorraine frontier. Their reported gains in the Alfay forest indicate the possibility of a new danger for the Germans holding St. Mihiel while the advance to the west of Verdun is regarded in London as threatening St. Mihiel from the north. Berlin reports heavy fighting in this region without results for the French.

The belief that operations in the Dardanelles have been resumed is general in London today. Nevertheless, complete silence prevails concerning details of the result of any activities.

LICKING COUNTY PRISONER AMONG THOSE PAROLED

(Associated Press Telegram) Columbus, April 7.—Conditional liberty was granted to thirty-nine prisoners in the Ohio penitentiary when the state board of administration, sitting today, announced that number of paroles.

Among them was that of George Hankins of Licking county, whose indeterminate sentence is made to expire June 1.

GERMANY ADMITS SUBMARINE'S LOSS

(Associated Press Telegram) Berlin, April 7.—(Via Amsterdam and London.)—The German admiral has given out an official statement in which the loss of the submarine U-29 is accepted. The text of the communication follows: "The submarine U-29 has not returned from its last cruise. According to a report of the British admiral of March 30, this vessel with her crew was sent to the bottom. She therefore must be regarded as lost."

Johnson Gives Willard His Best Wishes and Advises Champion to Save Money

(Associated Press Telegram) Havana, Cuba, April 7.—Jess Willard, the new heavyweight champion pugilist of the world, left Havana with his party at 11 o'clock this morning for New York where he is due to arrive on an Atlantic coast line train at the Pennsylvania station on Friday at 6:20 p. m. The party will travel via Key West, Jacksonville, Charleston, Richmond and Washington.

The crowd at the dock to say goodbye to the champion was so great that the sailing arrangements of the steamer were interfered with and the vessel which should have departed at 9 o'clock did not get away until two hours later.

Jack Johnson, who came down to the seacarer, shook hands with the conqueror and said: "Jess, old boy, I wish you all the luck you could wish for yourself. I hope you can make a heap of money. Be sure to save it." Willard answered with his best wishes and said: "I will see you in Europe." He ap-

peared to be affected by the incident. Johnson was given a great reception by the crowd.

The Cuban rights for the moving pictures of the Willard-Johnson fight were sold today for \$10,000.

Jack Johnson is preparing to go to Santiago, whence he will sail for Jamaica and then to France by way of Martinique. Although it was announced last night that the gate receipts of the fight were \$110,000. Various stories have been given out, placing the amount at \$60,000 up to \$110,000. When the announcement was made that \$110,000 had been taken in, various claims were presented by persons who participated in the arrangements for the fight. Later the amount was named as \$60,000. The crowd which witnessed the fight was surely in excess of 15,000. The prices ranged from \$3 to \$25. How many complimentary tickets were given out, is unknown. The largest profits went to the race track lessee, Curley Brown, who got \$1 extra for each spectator by running a few races after the fight.

MIRACLES

OF MOSES' TIME EXPLAINED BY
NATURAL PHENOMENA AC-
CORDING TO EXPLORERWater Springing Up in a Desert and
Passage of Red Sea May Now
Be Accounted for.

(ASSOCIATED PRESS TELEGRAM)

Philadelphia, April 7.—Two biblical miracles were explained by Professor Camden M. Cobern, explorer and archaeologist, who has just returned from Palestine, in an address here yesterday. Professor Cobern visited the oasis at Kadesh Barnea, where Moses struck the rock with his rod and brought forth water for the Israelites. He declared that Moses knew of the presence of the spring and that he had struck the rock to indicate to his followers that water was to be found there. The explorer said the spring is located somewhat below the level of the surrounding desert and is visible only for a short distance. The oasis on which it was found, he said, was very small and is still held sacred by the Arabs.

The progress of the Israelites across the Red Sea was made possible, according to Dr. Cobern, by a peculiar phenomenon which occurs once in a century, by which the wind, blowing from a certain direction, leaves a portion of the sea bed almost bare. The Israelites upon their departure from Egypt, the speaker said, could have reached Palestine in twelve days by taking the northern route, but they found this barred by fortifications. Enemies barred them at Siani and Suez, which compelled Moses to take the southern course at the Red Sea, he declared.

WHITNEY LOSES
PRIZE BROOD MARE;
SHE COST \$30,000

(ASSOCIATED PRESS TELEGRAM)
New York, April 7.—The death of Vashli, one of the most prized brood mares at Harry Payne Whitney's Brookdale farm, became known today. Vashli was the daughter of Adam, a French stallion.
Mr. Whitney paid \$30,000 for the mare at the dispersal sale of the Newcastle stable at Saratoga Springs in 1910 in the hope of winning the future. She ran second to H. C. Hildreth's Novelt in that race, but later won the filly half of the Matron stakes. She was ranked as one of the best fillies of her age.

TESTIMONY

AGAIN BEING TAKEN BEFORE
COMMITTEE INVESTIGATING
BANKING DEPARTMENT.

Secretary of Political Committee
Says He Received More Than
\$8,000 Attorney Fees.

(ASSOCIATED PRESS TELEGRAM)

Columbus, April 7.—J. W. Smith, of Ottawa, secretary of the Democratic state central committee, testified today before the Winans legislative committee, when it resumed its hearings on investigation of the state banking department. After several weeks' idleness, he told the committee he received more than \$8,000 as attorney fees from the banking department and the road law codifying commission, during the administration of Governor Cox. Of that amount more than \$6,000 was paid him for services in connection with liquidation of defunct banks and about \$2,000 from the appropriation for the road law codifying commission, he testified.

The commission made extensive trips through a dozen other states, visiting Boston, New York, Philadelphia, Washington and other cities, Major Smith declared.

John M. Elliott, of Columbus, attorney for the state banking department, also testified before the committee.

Mr. Elliott expressed the opinion that the attorney general's department could manage all legal affairs of the banking department and that employment of special counsel is unnecessary.

Mr. Smith, who is vice president of the bank of Ottawa, a rival of the Putnam county bank, which the banking department closed for liquidation, told the committee he was called to Columbus for a conference with former Superintendent of Banks E. W. Lattanner the day before the Putnam county bank was closed. He then received a signed order for the closing of the bank, with the date left blank. This order, he carried from Supt. Lattanner to J. A. Holmes, who later became liquidating officer of the bank at Ottawa.

Replying to questions by Senator Winans, Chairman of the Committee, Mr. Smith declared his position as secretary of the Democratic state central committee had nothing to do with his appointment as special counsel for the banking department. He said he got only \$257 from the Putnam county bank's affairs for attorney fees.

CHANGES

WILL BE MADE IN OFFICIAL
FAMILY OF THE CITY OF
TERRE HAUTE

There Will be a New Mayor, City
Judge and Also New County
Officials in Some Instances.

(ASSOCIATED PRESS TELEGRAM)

Indianapolis, Ind., April 7.—The city of Terre Haute will undergo many changes in the official family, when the men convicted in the election fraud case receive their sentence from federal judge Anderson next Monday. A number of changes have been made already under the rule of Mayor Donn M. Roberts, one of the 27 found guilty yesterday, that when any of the city employees pleaded guilty, that employee was "automatically discharged."

Under the laws of the state, Roberts will be succeeded in the mayor's chair by James M. Gossom, who replaced Elmer E. Talbott, as city controller. Talbott, who was also found guilty, resigned his position about a week before the trial started, because he would have to be away from Terre Haute.

A new city judge will have to be appointed to take the place of Thomas Smith. Edward Driscoll, who, while on the city's payroll as an assistant city engineer, was working as secretary of the Democratic county committee, will also be replaced.

New officials also will appear at the county offices. Eli H. Redman, who by virtue of ten votes, has been holding the high position of circuit judge, will have to put aside his mantle of judge and Sheriff Dennis Shea will have to give up his title.

Edward Holler and John F. Nugent, chief of police and assistant chief of police, respectively, were the most important city officials who entered pleas of guilty. More than a dozen minor city employees pleaded guilty.

CAUSED ALARMS
AT EXPOSITION

(ASSOCIATED PRESS TELEGRAM)
San Francisco, April 7.—Tests made of red fire in the tower of Jewels at the Panama-Pacific exposition last night caused a double alarm of fire to be turned in, and sent several companies to the scene.

The red fire was being tested in preparation for the "nine years after celebration" to be held April 18, the anniversary of the great fire, and the presence of firemen as a precaution gave rise to the fire alarm.

Theatres

Howe's Travel Pictures.
One of the phases of the grim preparations for the war in Europe is depicted in a film to be presented by Lyman H. Howe at the Auditorium Wednesday, April 7. It shows the extremely severe training that a squadron of cavalry is subjected to. They ride at breakneck speed across country so wild and rugged that it seems utterly impossible. They scarcely pause even at the brink of a dizzy precipice. They plunge down headlong regardless of life or limb. That either escape without being crushed or maimed seems miraculous. Accidents of the most startling character happen in such rapid succession that spectators are apt to exclaim "oh-h-h" or "killed." Nothing is wanting in this film of all the reality of war save actual bloodshed or sacrifice of human life. Prices 25, 35 and 50 cents.

Masonic Funeral.
The funeral of Mrs. Mahon 32nd degree, of Salt Lake City will be held in the Second Presbyterian church of this city at two o'clock Thursday afternoon, April 8, under the auspices of Argo Lodge, No. 531, P. & A. COFFEY AND MORRIS
FIGHT FOR THE RIGHT
TO MEET WILLARD

(ASSOCIATED PRESS TELEGRAM)

New York, April 7.—The privilege of becoming logical challenger for the world's heavyweight championship was considered by local sporting men to be the big stake of the ten round bout between Jim Coffey, the Dublin giant and Carl Morris, of Sapula, Okla., here tonight. Each of the big fighters was intent upon getting the first chance at Jess Willard and there was no certainty that both would be on their feet at the end of the bout as they are regarded as heavy hitters.

The size of Morris more nearly measures up to Willard than any other man in the ring today as he is 6 feet 4 inches in height and weighs 235 pounds. Coffey stands 6 feet 3 inches and weighs 200 pounds.

SPORT BRIEFS.

The exhibition game between Columbus and Terre Haute yesterday was in the nature of a reunion of former Newark players. Taking part in the game were "Lefty" Gilbert, manager of the Huts, Johnny Shovelin, Johnny McCarty, Goshorn and Brown, the latter a Newark boy. Pete Johns, Daley, former Mansfield shortstop, and others well known to Newark fans, were in the lineup.

Gilbert pitched a part of the Columbus-Terre Haute game, passing seven men, for one batsman and struck out two men. In one inning, after filling the bases, Gilbert benched himself in favor of a pitcher with better control. At that Gilbert's team defeated Columbus 3 to 2.

The Columbus team transfers its scene of operation to Dayton this afternoon. Al Sweitzer, former Newark favorite, with the Dayton club, The Chicago Nationals, probably will enroll under George McConnell from playing with the Chicago Nationals, planning a celebration for the opening of the A. A. season a week from tomorrow in honor of the return of Ruddy Hultwit, manager of the club. Hultwit is a prime favorite with Columbus fans.

Tex O'Brien, Willard's sparring partner, was baseball and football star at Harvard a few years ago.

Fight fans in the states will be disappointed, not being able to see the Johnson-Willard pictures. A federal statute prohibits the importation or exhibition of such films.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you take a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. They cleanse the blood, the bowels and the liver with Olive Tablets.

Dr. Edwards' Olive Tablets are the successful substitute for calomel, there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of irritating and dangerous. No one who takes Olive Tablets is ever cured with a dark brown taste, a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound and are not a drug. You will know them by their olive color.

Dr. Edwards' spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

BERLIN PAPERS

ARE SILENT ON AMERICAN NOTE

WITH ONE EXCEPTION, WHICH SHARPLY CRITICIZES U. S. POSITION

Cologne Gazette However Publishes a Stinging Retuke to This Country's Attitude.

(ASSOCIATED PRESS TELEGRAM)

Berlin, April 7.—Via London.—The Berlin newspapers today publish summaries of the American note to Great Britain on the order in council. With the exception of the Kreuz Zeitung, they make no comment upon it. This paper, however, says:

"It is this summary is correct, the note means the far-reaching retreat of America in as much as it permits Great Britain to carry out its 'blockade' measures against American ships even when they carry goods which are not contraband, but which come from or go to ports of hostile lands. In this America surrenders the principle that every blockade must be effective."

AMERICAN PROTEST

"ENDED PITIABLY"

GAZETTE'S OPINION.

(ASSOCIATED PRESS TELEGRAM)

Amsterdam, April 7.—Via London.—Commenting on the published summary of the American note to Great Britain, the Cologne Gazette says:

"It appears to be a note against Germany rather than against England and is so framed that England may leave it unnoticed without having reason to fear any serious steps from the American government."

"Against Germany, however, although in a veiled manner, the reproach is made that she does not observe the principles of warfare as recognized by civilized countries. The note in fact gives the impression of an anti-German measure, since it affords England certitude that she may continue her illegal blockade of Germany. It is carte blanche for the English war of starvation."

"Thus ends this second American protest against the sea tyranny of England as pitiable as did the first America submits to every English act of violence while at the same time she continues eagerly to supply our enemies with arms and other material, and even advances them money for these supplies."

WITH THE FRENCH WOUNDED

The Woman's Sacrifice.

Paris, April 7.—8:30 p. m. Away from the battlefield one sees war stripped of its glamor. We see the heroic work of nurses who are on duty day and night. There is devotion, self-sacrifice, suffering patriotism—qualities which only a great war and its terrible consequences can inspire to the highest development. The women everywhere are helping and everywhere one sees self-sacrifice and devotion to country.

The women of the United States do not know how fortunate they are. Here there are plenty of women who suffer in silence, whose strength is out of proportion to their ambition. Their hands are tied by some chronic disease common to womanhood; that weak back, accompanied by pain here or there, extreme nervousness, sleeplessness, maybe fainting spells or spasms, are all signals of distress for women. She may be growing from girlhood into womanhood, passing from womanhood to motherhood, and later suffering from that change which leaves so many wrecks of women. At any or all of these periods of a woman's life she should take a tonic and nerve, prescribed for just such cases by a physician of vast experience in the diseases of women. Dr. Pierce's Favorite Prescription has successfully treated more cases the past fifty years than any other known remedy. When you feel dull, headache, backache, dizziness, or perhaps hot flashes, there is nothing you can accomplish, nothing you can enjoy. You can find permanent relief in Dr. Pierce's Favorite Prescription. It is sold by medicine dealers, or trial box by mail from Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., on receipt of 10 cents, or one dollar for large box.—Adv.

TWO TUGS AGAIN

DRAGGING FOR LOST SUBMARINE

(ASSOCIATED PRESS TELEGRAM)

Honolulu, April 7.—Dragging for the lost submarine P-4 began again late yesterday afternoon by the tugs Navajo and Intrepid. It was reported that a sub hold had been secured on one-half inch cable.

This holding cable was then transferred to the dredge Gaylord and it was said the two tugs would continue dragging with cables until four are attached, two fore and two aft of the diver.

When a hold is secured with these cables, an attempt will be made to raise the P-4 by means of specially built pontoon scows, the construction of which it was reported, would be completed by the end of the week. The scows have a combined capacity of lifting 520 tons.

Negro for First Time Won for City Council—Major-elect Warns Crooks to Move.

(ASSOCIATED PRESS TELEGRAM)

Chicago, April 7.—Complete returns from yesterday's municipal election available today showed that William Hale Thompson, Republican, was elected mayor by a plurality of 139,024, the largest plurality ever given a candidate for that office in Chicago. His majority over all was 111,608.

Out of a total registration of 769,017, there were cast for mayor 670,238 votes, divided as follows:

William Hale Thompson, Republican, 139,024.

Robert M. Sweitzer, Democrat, 251,899.

Seymour Stedem, Socialist, 23,826.

John J. Hill, Prohibition, 3,590.

Sixty-one percent of the women's vote was cast for Thompson, according to an estimate by election officials. Thirty-six percent of the women's vote was cast for Sweitzer.

It was the first time that women voted for mayor in Chicago. The total women vote for Thompson was 144,630; for Sweitzer 89,744.

For the first time in the history of Chicago, a negro, Oscar De Priest, was elected to serve in the city council. He was chosen from the second ward, which is thickly populated by negroes. He was a former county commissioner. Michael (Hinky Dink) Kenna, Democrat, who has served as alderman from the first ward for 20 years was re-elected by a plurality of 4000.

"The crooks had better move out of Chicago before I am inaugurated," said Mayor-elect Thompson, in a statement. "This town will be cleared of criminals so completely before the new administration is many weeks old that the whole world will understand that Chicago is a safe place to come to."

"I go to the mayor's office absolutely free, owing no obligations to any faction. This is not to be a political administration in any way. I shall ask the biggest men in Chicago to become members of my cabinet, even though their salaries as cabinet officers will be small."

Credit for the Republican victory was given to the women voters by Mrs. Thompson, wife of the mayor-elect.

"It is a woman's victory," she said.

Revision of the police returns today showed that the next city council will be made up of thirty-four Republicans, twenty-nine Democrats, three Independents; two Socialists and two Progressives.

Twenty-four Republicans, 12 Democrats and two Socialists were elected yesterday the other members of the new council being holdovers.

DRY FORCES WIN

IN WISCONSIN AS WELL AS ILLINOIS.

(ASSOCIATED PRESS TELEGRAM)

Chicago, April 7.—A total of 55 out of 102 counties in Illinois are entirely dry today. Three new counties, Marion, Franklin and Jasper, having been added to the dry column yesterday's local option election.

About 100 saloons were voted out of business, out of the 350 involved in 45 townships. The chief dry victory was in Centuria, which has been wet for 60 years. Thirty-eight saloons were voted out there.

In Wisconsin, cities, towns and villages which voted on the liquor question yesterday showed a gain or the dry forces in the number of towns gained, but the larger cities voting on the issues, Madison, Superior, Ashland and Beloit, remained in the wet column.

Nineteen cities and towns which formerly were wet went dry, while only four villages, which were dry, went over to the saloon forces.

WOMEN CANDIDATES

BEAT IN KANSAS.

BY DECISIVE VOTES

(ASSOCIATED PRESS TELEGRAM)

Topeka, Kas., April 7.—Women candidates for offices in the municipal elections in Kansas yesterday generally fared badly at the hands of the voters. Returns today from Sabetha showed that out of a ticket composed entirely of women, only one candidate was elected, men filling the principal offices. At Leavenworth, Mrs. Iva Marshall, candidate for mayor was defeated six to one by E. W. Crancer, re-elected.

J. L. House, newspaper writer and author, was elected mayor of Topeka after one of the most bitterly fought campaigns in the city's history. His majority was 1,211 in a total vote of 14,500. O. B. Bentley, former state senator, was chosen mayor of Wichita by a majority of 800.

Juvenile Court.

A young lad, Joseph Comfort, aged 10, was brought into court from Johnston, O. yesterday evening at the request of the Wheeling, W. Va., humane society, who had been appointed the lad's custodian, an officer having been sent here from Wheeling, with instructions to look after the boy and see if it was advisable to have him returned within the society's jurisdiction. When the case was called the West Virginia officer failed to appear and Juvenile Judge Hunter ordered the lad to be given back into the custody of his mother.

"In this country it is certainly easier to move than to pay rent," remarked the Kansas farmer as the crook carried his delinquent over into the next county.

Embarrassment of the Protectionist

(Philadelphia Record)

The howl of the Protectionists that the Underwood tariff was ruining the country could have no basis unless importations were largely increased. The commercial statistics show that this is not the case. This is bad enough, but the news dispatches in the Protectionist papers show increasing prosperity and the influence of the war in keeping out foreign goods. This is a double embarrassment, and the Protectionist papers are presenting a ludicrous contrast between their news columns and their editorial pages.

One of our high-tariff contemporaries yesterday contained a Boston Dispatch from which we take the following:

New England shows today a condition of industrial activity and healthy commercial development. Every large centre has to tell a story of prosperity. Worcester, second city in Massachusetts, and third in New England, has had a successful year in the 12 months just ended, and is looking forward confidently to a boom along industrial lines.

Waltham reports few signs of business depression. In New Haven some industries have felt the effect of the nation-wide depression but the fact that many of the largest industries have been able to hold an even keel has enabled the weaker ones to maintain their balance.

The White Hope.

It seems a natural inference that those who have cherished the desire to see a "white hope" arise to prove the superiority of the race in the great and elevated art of prize-fighting, will be wild with joy.

Monday, the champion of his race, fought a lively battle with Johnson in the twenty-sixth round.

deposing the fistie monarch and seizing the throne. It may be taken as admitted now that the white race is superior. Exactly how the race experts will explain the fact that a Negro has held the championship of the world for years, it is not our business to say.

For in our view both ex-champion and champion are bruisers of presumably small intellectual powers with extremely hard fists. We do not hold that the hardness of a man's fists is an indication of extraordinary eminence.—Pittsburgh Dispatch.

According to the provisions of a North Carolina bill, residents of that state will be allowed to receive only six gallons of whisky a year. What are the bibulous down there going to do for their thirst after the first two weeks of each January?—Philadelphia Inquirer.

Billy Sunday.

Sophisticated old Paterson seems to take pride in the fact that at the Rev. William A. Sunday's first service the multitudes present gave no

sign of conviction of sin and repentance. Paterson does not know what is ahead of it. The Mann Act.

Since the recent Supreme Court decision the Mann act has become as dangerous to the female black-mailer as to the male seducer. To put it bluntly, the law has been made so completely reasonable in its interpretation and application that further complaints about it from any quarter tend to create the suspicion that somewhat of personal feeling or fear is in the background.—Chicago Herald.

End of War.

James J. Hill's last prophecy is that the war will end by October 1, because the belligerents will be physically, financially and industrially exhausted by that date. Raid on Serbia.

Probably the Bulgarian raid on Serbia is like last fall's attack by the Turkish fleet on Cremona town—

an effort by a faction to precipitate a war the Government is trying to keep out of, or too timid to plunge into. The raid leaves the government in a position to repudiate it or to back it up, but the raiders undoubtedly believed that if they could start the fighting public animosity to the Serbians would compel the Government to support them. Ohio Legislative Notes

Columbus, O., April 7.—In turning down a physician who had finished first in a state civil service examination and naming a low percentage candidate, Governor Frank B. Willis made this remark, which should be remembered by all lovers of good government:

"My position is to elect a Republican over a Democrat providing a Republican is on the eligible list. There is no use being neatly-mouthed about it."

In exercising the remarkable power it is to be remembered that the governor set on foot the action of the State Board of Education, which was about to name the successful candidate. He did this through the authority given him under the law which permits him to approve the appointments made by that commission. Yet on the stump

last fall, Governor Willis denounced his principal opponent for building up political machine and specifically promised to repeal the law which gives the executive the authority to visit appointments made by state boards of commissions.

On April 1 Republican Treasurer Archer accounted for a cash balance of \$9,583,186.11. The Democratic Treasury will keep the boys out of Columbus until next July.

When the shuffling of the cards was going forward in the case of Governor Willis, here were present as counselors in the matter of choosing minor representatives upon the new wards, former Congressman John J. Whitacre, former State Printer L. A. Crawford,

Charles P. Salen, of Cleveland, C. C. Philbrick, of Columbus, and Rev. Frank Richards, of Gallipolis. These, the leaders and officials of the so-called True Democracy league, opposed the Democratic ticket last fall because as they told the people, the power of government was being used to create a vicious partisan machine.

Fourteen weeks on the job and not a bill passed nor an outside office given quarters at the capitol. Giddap!

Temperance people who supported Frank B. Willis for election because they were told he was against the liquor traffic have recently had their second object lesson taught them by the Ohio Senate, heavily Republican in complexion. It has just defeated the Vollenweider bill requiring the labeling of alcoholic beverages shipped into dry territory, the deciding votes against it coming from Cincinnati, which city, as Representative Willis Yeatman, of Hamilton county, proclaimed in the general assembly, elected Willis. The same votes a month ago killed the bill backed by the organized temperance forces permitting students to vote in towns where they are attending college.

Municipalities will soon be deprived of their present power to negotiate new rates for service from public utility companies by having property of such companies valued by the state as a basis for calculations. The emasculating bill has passed the house and no doubt will pass through the Senate, where lobbyists have desks assigned to them on the floor of the chamber. The good old days have returned.

Influenced no doubt by environment an employee of the House has shipped from Columbus leaving behind him a deserted wife and children and a lot of fraudulent checks. There is a strong suspicion that he may have eloped with one of the sisters brought in for the exclusive benefit of the solons themselves. He should not have been exposed to temptation.

Official announcement is made that Governor Willis is about to found another press bureau with which to exploit his statesmanship, although he now has one in full swing. The excuse given is that all newspaper correspondents, the Associated, United and International press associations and the local Columbus newspapers are in a conspiracy to distort the happenings at the capitol.

Wonder was expressed at the hurried trip of Newton M. Miller to Columbus from San Francisco where he is director general of the Ohio commission. Immediately after his arrival the new highway commissioner left \$57,000 worth of road contracts, and the next day New went back to the fair. It will be remembered that Mr. Miller was one of the highway department attackers during the campaign and that he was shown to be the representative of certain road building machinery companies. And so the game goes merrily on.

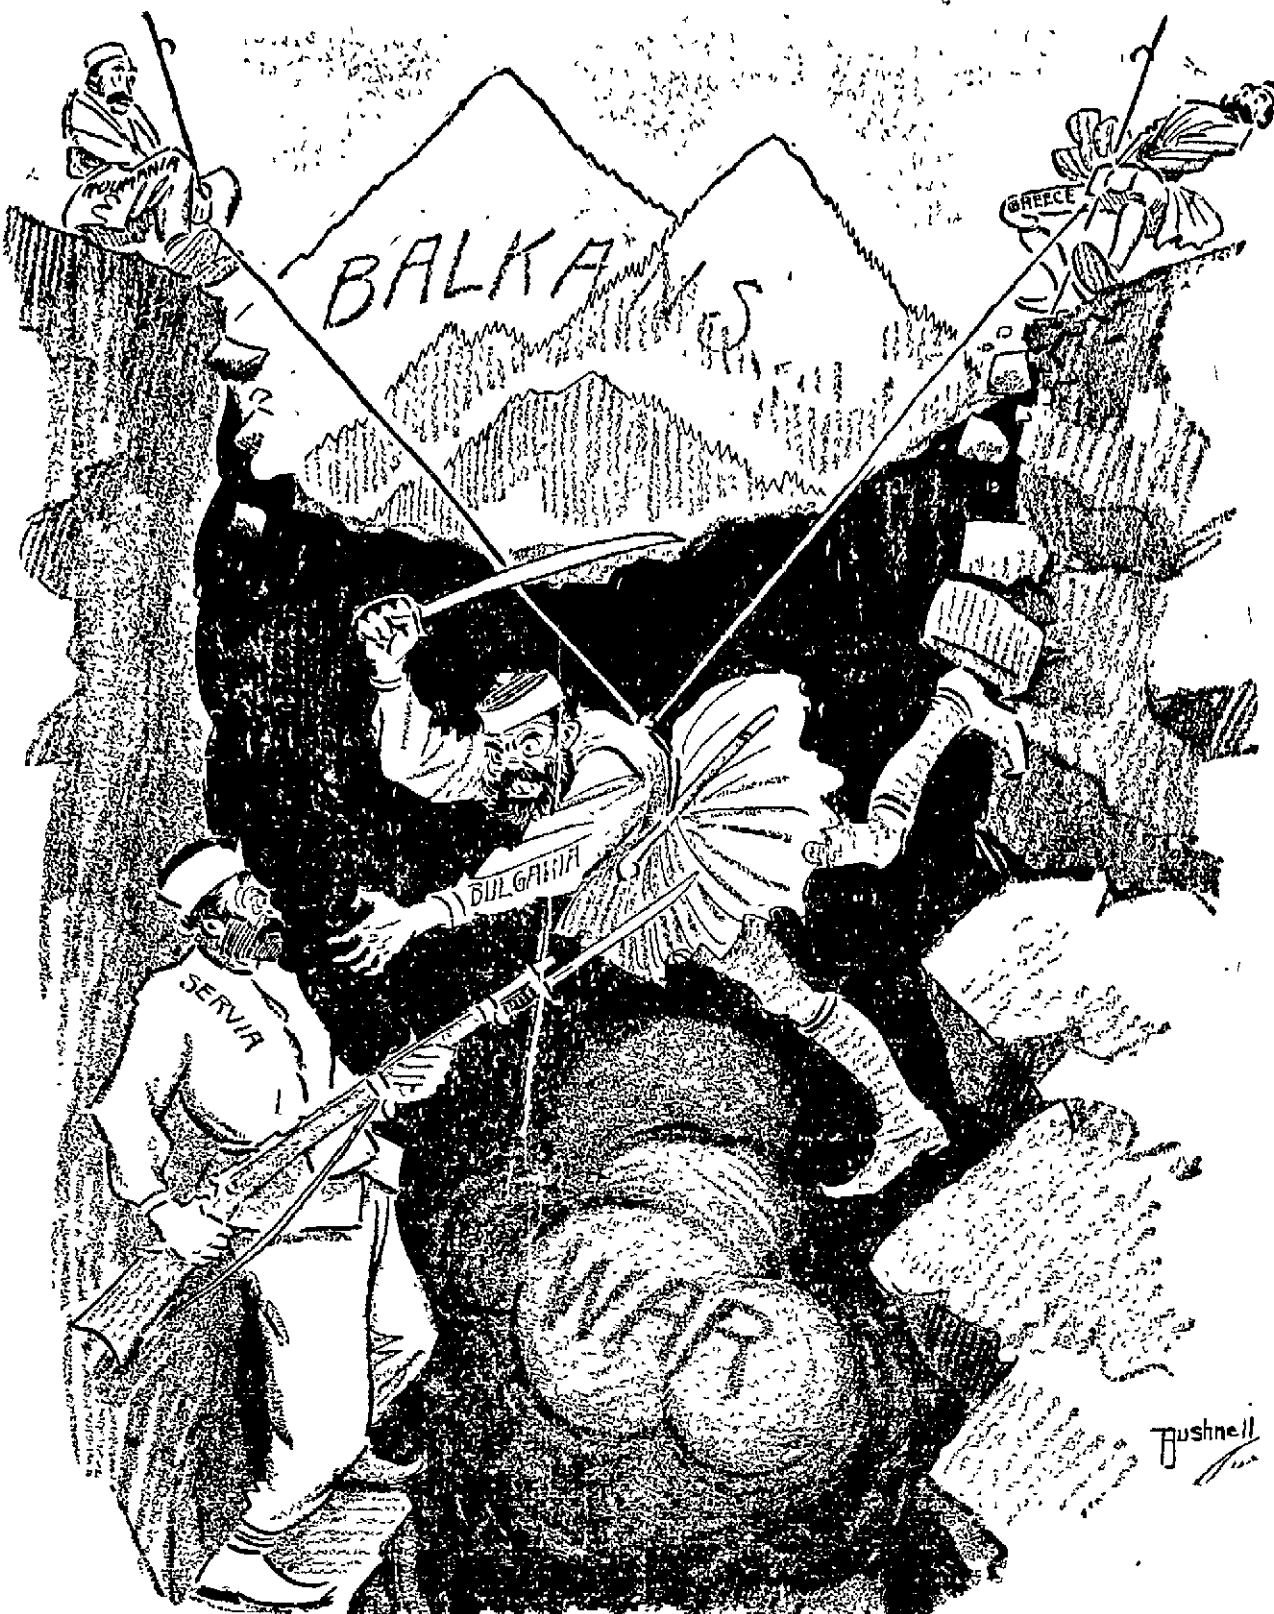

A Republican expert has declared the anti-lobby law invalid. What is the difference under the Willis rule? Nobody pays any attention to it anyhow! Neither bottle, waiter!

Before the new Willis tax assessors had even taken their chairs they gave out that they proposed to send for Uncle John D. Rockefeller and "adjust" his taxes. The ox knoweth his master's crib.

The government of Ohio is being restored to the people. But, gosh, think of the people who are getting it!

They're calling the executive chamber at Columbus Frank Willis' meat market these days.

I'd spend my time unearthing cases where want had ground the poor men's faces; from widows' eyes I'd wipe the briny, and make all orphans' days seem shiny." And if in after life he gathers a million guilders of his

fathers, to help the poor he isn't ready to spend a single maravedi. "I don't believe in giving money to make the poor ones' lives more sunny," he mutters, with a stern defiance. "It spoils their sense of self-reliance. The more you give your hungry neighbor, the less he's buckles down to labor. He'll think the gods are watching over, to see that he abides in clover. We paralyze the workers willing by handing them the unearned shilling. And then we pay enormous taxes—my tax forever greater waxes—and out of that the town or county should show the poor some kind of bounty." And other platitudes he mumbles, as he loads down with clanking roubles which will relieve no poor man's troubles.

A number of the clubs of the city have been giving afternoon entertainments for the benefit of the public library, and on Tuesday the hall was well filled to see the little farce given by the club women.

Following the playlet a short musical program was given by Miss Junia Sells, pianist. Mrs. Mary Mortley Hays sang in a delightful manner Elgar's "Pipes of Pan," Mrs. Ernest Cochran, accompanist. Mrs. T. J. Coulter, of the club, read a most interesting paper on "Household Economics," and the program was followed by an informal reception in the parlors of the Y. M. C. A. HAZLETT—FARMER.

On Tuesday evening at 6:30 o'clock, the wedding of Miss Nelle Fern Farmer, and Mr. Glenn W. Hazlett of Springfield, Ill., was solemnized at the First Presbyterian church. Rev. Calvin Glenn Hazlett, pastor of the church, read the marriage service, and the bride couple was unattended.

The bride was costumed in her traveling suit of blue with hat of the same color and wore a corsage bouquet of white roses.

Following the ceremony a wedding dinner was served at the home of the bride in North Fourth street. The appointments were in pink and white and the table was centered with a cluster of pink and white roses and asparagus ferns. Only the members of the immediate families were present.

Mr. and Mrs. Hazlett left during the evening for a wedding trip to Chicago and their at home cards read for after May first, at Springfield, Ill., where the bridegroom is salesmanager of the branch office of the Goodrich Rubber company. The bride is the daughter of Mr. and Mrs. M. L. Farmer of 269 North Fourth street.

On Monday evening more than fifty friends and old neighbors very delightfully surprised Mrs. Harriet Harrison on her eighty-sixth birthday anniversary, at the home of her daughter, Mrs. R. I. Francis, in the Granville road.

As the guests assembled each presented her with beautiful flowers and other tokens of remembrance. The evening was very pleasantly spent with games and other amusement, after which delicious refreshments were served.

Miss Marion Lumley wrote the following poem dedicating to Mrs. Harrison, entitled it "Eighty-six":

Eighty and five and one
Ticks the clock slowly on
Counting her hopes and fears
In telling of her years.
But still the sunshine plays
In a thousand winning ways
In eyes and 'round her lips
The clinging finger tips,
Betray the secret rare,
Of mother-love to spare,
Live long our bony friend
And at the journey's end
Pause ere you reach the gate,
Turn back to them that wait
And beckon on.

WILLIAM GREENE, AGED RESIDENT, DIES WEDNESDAY

William Green, one of the pioneer citizens of this city, died at his home in West Main street at 1:25 o'clock this morning after an illness of two weeks, his advanced age not being able to withstand an attack of grip.

Mr. Green was born in Stettin, Prussia, in 1830, and came to America in 1861. After making a tour of the west he went to Ironton, O., and in 1872 was married to Miss Mary M. Cook. He came to this city shortly afterwards and assisted in organizing the Great Western Oil company, having two business partners, and they engaged in the manufacture of coal oil.

Later Mr. Green engaged in the wholesale grocery business with the late Captain Joseph Wehrle on the west side of the square and they were very successful. The partnership was dissolved and the business disposed of when Capt. Wehrle engaged in the foundry business. Mr. Green then accepted the agency for the Gerke and Moerlein brewing companies of Cincinnati and retained them until 1900, retiring to private life. He made many friends during his long career in the business circles of the city and was highly esteemed by all who knew him.

Mr. Green is survived by his widow and three sons, George A., engaged in the tailoring business in Sidney, O., Joseph H., the well known West Main street dyer and cleaner, and John L., now a member of Uncle Sam's navy, at present on the steamer Maryland, which called from San Francisco Tuesday for Honolulu. He will be notified of his father's death by wireless. A son, Charles W. Green, a musician of rare ability, died in 1902.

The funeral will be private, short services being held at the house Thursday evening at 8 o'clock, under auspices of Roland Lodge Knights of Pythias, No. 305, of which the deceased was a charter member. The body will be taken early the next morning to Ironton, Ohio, where interment will be made. No flowers.

LABOR UNIONS PLAN A BOYCOTT OF "CLEAN-UP" DAY

Cleveland, April 7.—Because 10,000 cards, which urged a "clean-up" campaign in Cleveland between April 14 and 30, were printed by a non-union lithographing company, labor unions of the city planned to boycott the movement, according to William M. Benson, of Chicago, vice president of the Amalgamated Lithographers of America, who is here assisting union men in their strike against the company. The Cleveland Federation of Labor and the Typographical union will support the proposed boycott movement, it was stated.

J. J. Hoban, president of the Typographical union, today appealed to all members of the union not to take any part in the clean-up campaign unless the present cards are taken down and others bearing a union label are posted in their stead.

London, April 7.—A London syndicate has offered a purse of 4000 pounds sterling (\$20,000) for a fight between Jesse Willard, who won the heavy weight championship from Jack Johnson at Havana last Monday and Frank Moran, of Pittsburgh. Willard will be offered 200 pounds sterling (\$1000) for his traveling expenses. Benson was defeated by Johnson in 20 rounds on a fasted in Paris, on June 27, of last year, and on March 29 of this year he was knocked out by Bombardier Wells at London in 10 rounds.

Theatrical Trust Being Investigated By N. Y. Officials

New York, April 7.—Claude A. Thompson, special attorney general, today today his examination of the theatrical managers and booking agents of the federal inquiry into the activities of the so-called "theatrical trust." Withrop Ames was one of the theatrical managers who had been requested to appear before Mr. Thompson today. Representatives of many of the leading theatrical firms of this city already had been questioned by the assistant attorney general.

The inquiry has taken note particularly of the conditions in the northwestern and southern circuits. None of those engaged in the investigation in behalf of the government would say today whether civil or criminal proceedings were contemplated. It was stated that witnesses from many cities must be examined before a course of action will be determined.

Swat the Murderous Fly; He Is Mankind's Arch Enemy

PSHAW! You will say. Files! How absurd! Harmless insects of no particular importance! Now, if it should be weaves or great rats, even—

Would it astonish you, would it shock you, to be told that thousands of children are slain by flies each year? Would you be surprised to learn that in one city of the United States over 7,000 persons lost their lives from intestinal diseases believed by certain scientists to be traceable to the "harmless insect" that is now buzzing on your windowpane or against your screen door? Suppose it were solemnly stated by scientists of international repute that anterior poliomyelitis, or infant paralysis, of which one hospital in New York alone received and treated hundreds of cases in one recent summer, can be carried by one of the kinds of flies you pass by as of "no particular importance." What would you say then? And it is true, every word of it. Walk into your kitchen and observe the number of flies there. Are there a hundred, a thousand? You had better find a conflagration as you open the door, for its possibilities of disaster are not much greater, says Dr. Pease in Good Housekeeping.

It is recognized that any reform must begin with the individual and grow from him or her. The fly campaign has been successful only in a very moderate degree, because 95 per cent of the hundred million among whom we live are asleep to the danger or refuse to take it seriously. The slumbering infant, the feeble parent, the romping youth, the mad athlete, all tomorrow may be victims of the filthy pest.

Silent Tragedies
It is only the life of violence, the life of hygienic days that is perceived by nearly all our tragic writers, and truly one may say that anarchism dominates the stage, and that dramatic art dates back as many years as the art of sculpture. To the tragic author it is only the violence of the anecdote that appeals. And he imagines, forsooth, that we shall delight in witnessing the very same acts that brought joy to the hearts of barbarians with whom murder, outrage and robbery were matters of daily occurrence, where as it is far away from us, hushed, but fiery and sword thrust into the lives of most of us flow on, and men's tears are silent today, and invisible and almost spiritual.—Maeterlinck.

FRENCH AVIATORS DROP BOMBS ON 2 GERMAN CITIES

(Associated Press Telegram)

Geneva, Switzerland, April 7.—Via Paris.—Two French aviators pursued a German military train yesterday from Marbach to Villingen, in the Black forest. They damaged the railway and stations along the line. On their return they dropped bombs on Muelheim and Neubourg.

A French biplane which was being pursued by German aviators lost its way in the mist last night and crossing the Swiss frontier, landed near Porentruy. The pilot said he and his companion had come from Belfort but had not been able to return. The aviators were taken to Delémont, where they appeared before Col. Audéoud. Neither of the men was injured. They will be interned.

Wall Street.
Associated Press Telegram
New York, Apr. 1.—Conflicting conditions resulting from a mixture of buying and selling orders were reflected in today's early trading. Harman shares, U. S. Rubber and a few less important issues attained highest prices of the year and some of the specialties added one or more points to recent gains. Bethlehem Steel, however, climbed another two points to its decline of yesterday and U. S. Steel, Reading and B. and O. were inclined to ease off. The local market derived no encouragement from London where Americans were materially lower.
Selling pressure overcame buying capacity before the end of the first hour, and many initial calls were promptly surrendered. In a Pacific bell block a point and other leaders were at or under yesterday's close. Even those specialties whose course had not been guided by the general tendency, were disposed to droop. Rock Island was actively pushed forward in the second hour, advancing 7½ points and the

balance of the list showed renewed vigor. Traders renewed operations on the long side in anticipation of an excellent movement. A report to be issued at midday. Bonds were irregular.

Chicago Grain.
Associated Press Telegram
Chicago, Apr. 1.—Prospects of general shortness in the wheat market today turn quickly downward. The reason was that in most of the important wheat territory east of the Mississippi river there have been no adequate spring rains and the soil has been getting too dry for the growing crop. Firmness of cables exercised only a brief influence after opening at a cent lower to 1¢/3¢ cent up, the market underwent a material decline all around.
Corn synchronized with the weakness of wheat. The volume of trading was fair. Opening prices which were unchanged to 1¢ cent lower, were lowered by a moderate general setback. Oats took the same course as other grain. Shorts covering, however, helped to steady the market and there were signs of export business.
Notwithstanding a firm start, provisions soon began to sag. Support was lacking.

HIGH SCHOOL COMMENCEMENT TO BE JUNE 10

SIX SPEAKERS FOR OCCASION TO BE SELECTED BY CLASS AND FACULTY

School Board Appointed Enumerators of School Youth at Regular Meeting Tuesday Night.

The regular meeting of the city board of education was held last evening in Superintendent Wilson Hawkins' office in the high school. President W. C. Christian presiding and Clerk Jas. K. Dewey, Messrs. W. E. Miller, S. W. Haight and Dr. W. C. Rank also being present. After the reading of the minutes of the last meeting by Clerk Dewey, and their approval by the board, the following bills were allowed:

John J. Carroll, dry goods, \$2.90; Ohio Light and Power Co., \$38.14; Evans Supply Co., \$2.48; J. F. Riggs Co., \$7; Kaufman-Lattimer, \$10.30; Licking Laundry, \$4.06; Brillhart Co., groceries, \$26.59; W. M. Zentmeyer, \$2; Norris & Webb, \$2; Milton Bradley Co., \$8; Supt. Holler, \$16.37.

A recess of a few minutes was then taken to congratulate Hon. William E. Miller, who has served many years on the board, for acquiring his new honors, the title of grandfather. That gentleman received the congratulations of the members and newspaper men and passed around fragrant Havanas.

A communication from Estelle M. X. Devlin was read making application as manager of White's athletic field and play ground for the coming season. Miss Devlin stated that she had been studying athletics in Ohio State University.

Applications as school enumerators were made by Helen S. Uhle and W. D. Gilbert. They were placed on file with other applications of a like nature.

A communication from the state inspector of schools stated that the boilers in the Fourth street and Woodside buildings had been examined and found in good condition.

A letter was read from the United Vacuum Cleaner Co., of Connorsville, Ind., with a proposal enclosed to install an 18 1-2 horse power cleaner in the Woodside building for \$235, f. o. b. at Connorsville, with prices on the fittings necessary to install the system, estimated at \$25. They guaranteed the cleaner to give satisfaction. A number of letters were enclosed endorsing the system from boards of education, churches, hotels and other industries. A discussion of the proposition followed but no definite action was taken.

The matter of school enumerators was next taken up and the following were appointed: Miss Mary L. Miller, Mrs. Elizabeth Connell, Miss Helen S. Uhle and Miss Mary A. Andrews for the four city districts. They were assigned to the territory they had last year. Their compensation will be three cents per name.

It was suggested that the playground committee make a recommendation as to who should have charge of the play ground for the summer.

Supt. Hawkins then addressed the board and gave an outline of Mr. Millisor's work in school base ball. He has arranged for nine schools in a

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work. In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.

circuit, the season to begin April 19th. Mr. Millisor will also coach the local team.

In connection with the commencement Supt. Hawkins suggested that the usual custom be followed in permitting the faculty to select three speakers and the class three. The commencement will be held June 10. He also asked permission to purchase the blank diplomas, the cost being \$25 per hundred.

Supt. Hawkins stated that a rumor was being circulated that the schools would close in May. The rumor is unfounded and Mr. Hawkins stated that it had probably started owing to financial conditions of the public schools system of the city. Members of the board stated that Newark was in better financial condition as to her school finances than many other cities of the size of Newark. Even in the condition the school finances are at the present time the board felt that it could not suspend the school on that account.

The superintendent also called the attention of the board to the recently established custom of a patrons' week. He also asked that the rehabilitation of the Maholm street building be taken up.

The board instructed the superintendent to purchase diplomas and also to follow the patrons' week custom. Superintendent of Buildings Frank Handle then made his semi-monthly report. He called the board's attention to the trees in the Franklin and Texas school yards and asked that they be trimmed, as the trees were too close together. He advised that the work be done in vacation time. He also requested that a committee inspect the yards. The board then adjourned to meet Tuesday, April 20.

FOR WEAK, GASSY STOMACHS

It's torture to sit down to a well filled dinner table and know that to eat what you want means misery afterwards. Eat ever so little of the forbidden foods and you have to take soda mints, peppin pills or other artificial digestants to stop the bloating, heart burn, sourness, gas and stomach lump that always follows. But the more of them you take the more you must and soon the pills become a part of the regular diet. You think you can not eat without them, but you can.

There is an old time stomach prescription called Mi-o-na Stomach Tablets that acts directly on the stomach itself and not on the food. One of two Mi-o-na tablets after each meal not only prevents all stomach distress but stimulates healthy natural flow of digestive juices, strengthens the muscular walls and makes the stomach strong enough to do its own work and that's the only way to stop indigestion. T. J. Evans and other dealers sell Mi-o-na on a guarantee of quick relief or money back. Get a package of Mi-o-na, keep it handy and watch your stomach ills get out for good.

OF CALIFORNIA CELEBRATED "MARIETTA DAY" AT THE BIG EXPOSITION

Telegram Read from Governor Willis at Exercises—Large Number Attended Gathering.

[ASSOCIATED PRESS TELEGRAM] San Francisco, Cal., April 7.—The Ohio Society of California today had a celebration known as Marietta day, at the Panama-Pacific exposition, marking the anniversary of the first white settlement in Ohio, at Marietta, April 7th, 1788. An interesting program prepared by the officials of the society was given during the day in the Ohio pavilion, the principal address being made by Daniel B. Torpy of Marietta, acting directing commissioner of the Ohio commission. During the exercises the following telegram from Governor Frank B. Willis of Ohio was read:

"The 127 years since the first white settlement in Ohio at Marietta have marked progress unequalled in the world's history. Marietta, proud of the anniversary today being celebrated, is extending the greetings of all Ohio. In the golden west as well as at home the impress of the Ohioan is indelible and makes for the highest order of advancement."

There was a large attendance of Ohioans, former Ohioans and friends and the event proved one of the most notable that has so far occurred at the exposition.

The day was closed with a reception and musicale in the pavilion.

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax children, to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

LOCAL Y. M. C. A. RECRUITING MEN FOR OTHER WORK

The Newark Y. M. C. A. has honored the city by training young men for service in other communities. Walter Crammer, whose father W. H. Crammer is employed here with the Ohio Light and Power company, grew up in this "Y." He completed a course in the Chicago Training School last year and is now located as physical director at Quincy, Ill. Harry Tinnen was a leader in the gymnasium here three years ago. He was called from here to Nelsonville to take charge of a small gymnasium. Upon the resignation of the secretary there over a year ago he was made secretary, which position he still holds. Lester Gardner, after a number of years service as physical director in Ohio and Pennsylvania, is now play ground supervisor at Pittsburgh, Pa. Howard Williams, whose father is in the mail service in the city, spent several years at Painesville, O., as physical director. He is now with the Bucyrus Association. Four years ago, Fred Glenn became interested in the regular gymnasium work as a substitute for boxing. The local association gave him a place of responsibility at a small salary and helped him to get a start. When the Zanesville association started two years ago Fred became their physical director. He has been there since and is making good. The association led him into the church where his abilities count for good. Lester Black, who is in charge of the Athletics in the Covington (Ky.) High school, grew up in the Newark Association.

The large majority of the boys who represent our High school in athletic contests get their preliminary training in the "Y" gymnasium. The association stands for clean sport and clean habits and many young men get the first light of a new start through its influence.

Assist the board of directors next week in providing for the needs for next year.

MANY ACCESSIONS

AT NEAL AVENUE M. E. Plans had been made for a good day, but God honoring our faith and faithfulness, gave a foretaste of what can and will be done when we do our best.

The Sunday school which was much larger than usual, brought as an Easter offering \$120, besides the regular offering.

At the morning preaching service there were 22 baptisms, ten children and 12 adults.

There were 38 received into the church at this service and two in the evening. The Epworth League in the evening was in charge of Mr. S. C. Biddle, of Columbus, a young gospel singer who conducted a very interesting song service after which he sang a solo and gave a very good talk on the subject, "Did I Do My Best."

He then preached the evening sermon from the text, "Abide With Us," Luke 24, 29.

What a crowning thought to conclude the day and week.

The Washington National Museum has placed on exhibition articles of furniture once owned by Gen. Rufus Putnam.

WHAT SCIATICA IS

There is something terrifying about the word sciatica. Yet sciatica is nothing but neuralgia of the sciatic nerve and neuralgia is an inflammation caused by lack of nourishment.

Application of dry heat as hot sand bags or flannel to the course of the inflamed nerve often quiets the pain but it does not feed the nerve. It is temporary relief, a good thing to know about, but not a remedy.

What causes the nerve starvation that results in neuralgia and sciatica and how may it be corrected?

The most common cause is a run-down physical system and a frequent exciting cause is exposure to cold. Thin blood is often at fault. It is through the blood that the nerves get their nourishment. Mortal man knows of no other way of getting nourishment to a nerve. Therefore, if the blood gets thin and fails to feed the nerves they show their resentment by becoming inflamed. Try Dr. Williams' Pink Pills at this stage and you will find inflammation subsides as the colored blood carries to the starved nerves the elements they need.

Write the Dr. Williams Medicine Co., Schenectady, N. Y., for a copy of the booklet "Nervous Disorders, A Method of Home Treatment." Your own druggist sells Dr. Williams' Pink Pills.

What Thin Folks Should Do to Gain Weight

Physician's Advice For Thin, Under-
developed Men and Women.

Thousands of people suffer from ex-
cessive thinness, weak nerves and
feeble stomachs who, having tried ad-
vertised flesh-makers, food-tads, phys-
ical culture stunts and rub-on creams,
assign themselves to life-long skin-
niness and think nothing will make
them fat. Yet their case is not hope-
less. A recent discovered regenera-
tive force makes fat grow after years
of thinness, and is also unequalled for
repairing the waste of sickness or
faulty digestion and for strengthen-
ing the nerves. This remarkable dis-
covery is called Sargol. Six strength-
giving, fat-producing elements of ac-
knowledge merit have been combined in
this peerless preparation, which is
endorsed by eminent physicians and
used by prominent people everywhere.
It is absolutely harmless, inexpensive
and efficient.

A month's systematic use of Sargol
should produce flesh and strength by
correcting faults of digestion and by
supplying highly concentrated fats to
the blood. Increased nourishment is
obtained from the food eaten, and the
additional fats that thin people need
are provided. Evans' Drug Store and
other leading druggists supply Sargol
and there is a large demand for it.
While this new preparation has
given splendid results as a nerve-
tonic and vitalizer, it should not be
used by nervous people unless they
wish to gain at least ten pounds of
flesh.

Here is something that ought to
interest you. The Miller building on
East Side of Square, now occupied by
A. Schiff, appraised at \$30,000, is
one of the best investments in the
city. The three houses on corner of
Sixth and Jefferson streets, are also
a fine investment. Call or phone W.

Legge was the attending physician.

Broke Leg While Plowing.
Arthur Hankinson, residing north
of Newark, was injured while plow-
ing at his home on Tuesday after-
noon. He was thrown from the
plow, and had his right leg broken
at the knee. Dr. C. F. Legge was
called to reduce the fracture.

Delivered Address.
Colonel George H. Hamilton at-
tended a meeting of the high officers
of the Moose lodge from several dif-
ferent states, the session being held
at Columbus. Colonel Hamilton was
the principal orator and his effort
is said to have been a gem. The
meeting was followed by a special
session which brought forth a splen-
did array of talent.

Newark Boy Succeeds.
Victor Turner, son of the late Dr.
W. S. Turner of this city, will gra-
duate from the medical department of

more this spring. Mr. Turner has
just successfully passed an examina-
tion in New York and will be an in-
terne in St. Luke's, one of the large
hospitals of New York City the
coming year.

Recovering from Operation.
Miss Mary Bowman, who has been
studying to become a trained nurse
for the past year and a half at one
of the Cleveland Catholic hospitals,
has been sent home to recuperate
after undergoing an operation for ap-
pendicitis. She will return in sev-
eral weeks and will graduate with
her class in June.

Small Fire.
A blaze which originated from a
pile of ashes thrown too close to a
shed in the rear of 146 Hudson
avenue, called the headquarters
truck and the North End company
to the scene Tuesday evening at 9:15
o'clock. Prompt discovery of the
blaze probably prevented a serious
fire as the burning shed communi-
cated with a large livery stable in
the rear.

Friday Night's Lecture.
Judge John Schwaab, of Cincin-
nati, president of the German-Ameri-
can Alliance of Ohio, will lecture at
the high school Friday evening.
Judge Schwaab will speak on con-
ditions of local interest, and being an
orator of state wide reputation, no
doubt will be greeted with a large
audience. The lecture will begin at
7:30 and the general public is in-
vited to turn out and hear the dis-
tinguished gentlemen discuss ques-
tions of interest to all.
North Franklin Missionary Society.
At her home in Evans street, Mrs.
H. L. Greenawalt entertained the
ladies of the home and Foreign Mis-
sionary society last Thursday after-
noon. An interesting program was
given, consisting of some select
readings by Mrs. Delbert Ewers, Mrs.
Frank Osborn and Miss Hazle Tay-
lor, and a duet by Mrs. Leon Wolf
and Miss Louis Wolf. An appetiz-
ing luncheon was served to the mem-
bers and visitors. The next meeting
will be with Savilla Parr, May 6.

Back From Springs.
Lieutenant of Police Henry Smith
of the Pennsylvania railway, was in
the city today to testify before the
grand jury. Lieutenant Smith, with
his wife, lately returned from Hot
Springs where they had been for
several weeks for the latter's
health. Later they spent some days
camping and roughing it in the
Ozark mountains and Mr. Smith
brought down two splendid speci-
mens of wild cats with his trusty
rifle. He also enjoyed some excel-
lent fishing, landing 16 trout in one
day.

Home From Havana.
Mayor "Cookey" Jones has return-
ed from a trip to the Isle of Pines
and Cuba. Mr. Jones states that af-
ter watching the two noted pugilists,
Willard and Johnson work out a few
days before the fight he experienced
a change of heart and shifted from
the colored to the white man, back-
ing up his opinion with a box of
pure Havana stogies. He left Ha-
vana before the fight as no more
tickets could be procured and be-
sides he wanted to avoid the rush
in the "get-away" as well as the
"touch" of friends, who might have
become stranded from backing their
favorites.

10 DAYS DELAY
REINFORCEMENTS FOR
VILLA HAVE ARRIVED

(ASSOCIATED PRESS TELEGRAM)
Brownsville, Tex., April 7.—After
10 days' waiting some of the rein-
forcements expected by the Villa
troops for the siege of Matamoros
arrived today outside that city. These
reinforcements were the advance
guard on the main body consist-
ing of artillery forces which still are
being delayed by lack of railroad
facilities.

In Matamoros squads of soldiers
are at work on what appears to be
additional defenses. The trenches
surrounding the city now are so high
that U. S. army officers say their
height may become a handicap in a
battle, reducing the zone of rifle fire
by forcing the defenders to fire to-
ward the ground instead of parallel
to it.
Bags of earth topped by steel rails
have been piled about some of the
machine guns at the top of the
trenches.

Silence is golden, but you can't
hear it clink.

LOSSES

OF VESSELS BY SUBMARINE AT-
TACKS FROM DECEMBER 31 TO
MARCH, TABULATED

With Several Sunk by Mines the
Total Is 36 Vessels and 82
Lives Lost.

(ASSOCIATED PRESS TELEGRAM)
New York, April 7.—Sir Courte-
nay Bennett, British consul general
here, made public today a tabula-
tion showing sailings and arrivals
of steamers of all nationalities at
United Kingdom ports, the number
of vessels torpedoed and the lives
lost. The figures embrace vessels of
200 tons register and over and cover
the period from December 31 to
March 17, inclusive.

During this time, according to the
tabulation, 8,220 vessels arrived at
these ports and 7,629 sailed there-
from. Thirty British merchantmen
were torpedoed with the loss of sev-
enty-six lives. Neutral losses were
three Norwegian, one Swedish and
two American vessels. The two
American vessels and one Norwegian
vessel were sunk by mines. Six
persons—all aboard the Swedish
total for allentwycpmfwymwy
steamer—lost their lives, bringing
the total for all vessels, British and
neutrals up to thirty-six vessels sunk
and eighty-two lives lost.

The week from March 11 to 17
showed the greatest losses in ships,
there being eleven British and one
Swedish steamer torpedoed.

Sixteen aboard these vessels were
killed. The greatest loss of life oc-
curred the previous week, when 37
were killed in the sinking of four
vessels.

WINTER WHEAT
PROSPECTS ARE
BELOW NORMAL

(ASSOCIATED PRESS TELEGRAM)
Washington, April 7.—Prospect of
the winter wheat crop, planted last
fall on the greatest acreage in the
country's history, were that 619-
000,000 bushels would be produced.
This estimate by the department of
agriculture today, based on the con-
dition of the growing crop on April
1, may be increased or decreased ac-
cording to the changes in condition
from that date to the time of har-
vest.

FIX VALUES

(Continued from Page 1.)
measure for several weeks and it is
said they laid the plan before Gov-
ernor Willis recently. His attitude
has not been made known.

The 79th general assembly which
convened in 1911, made a gerry-
mander supposed to have benefitted
the Democratic candidates for con-
gress. The new proposed redistrict-
ing would restore the boundaries ex-
isting before that time, with a few
exceptions, according to present
tentative plans.

Republican senators today held a
secret caucus on the Wickline bill,
to reform election procedure. It
was said a number of objections
were entered to the measure and
other caucuses may be held by the
Republicans before the bill is iron-
ed out to suit majority leaders.

The state civil service commission
would consist of only two members
of opposite politics, instead of three,
if the house passes the civil service
measure reported out today by the
civil service committee. The bill
bears the names of Senator Moore of
Jefferson and Representative Barnes
of Hamilton as joint authors.

A delagation of building and loan
men from Dayton and other cities in
districts affected by the 1913 flood
came here today to confer with state
treasurer Archer in regard to the
proposed suit in the supreme court
to test the validity of Attorney Gen-
eral Turner's opinion on the Tem-
pler act. This was passed as an em-
ergency at this legislative session and
permitted the extension for two years
of the state loan of \$1,117,000 to
building and loan associations in the
flooded district.

No definite plan was arranged. It
was said, however, a suit would be
instituted to prevent the state treas-
urer from withdrawing the money
April 10, when the loan term expires,
and the legislature would be asked
to pass another ordinary measure to
go into effect in 10 days.
The house today passed the Whit-
temore bill which gives county com-
missioners power to arrange for the
elimination of grade crossings on
country roads.

The newly elected officers of the Elk lodge were installed last evening by Past Exalted Ruler Dr. H. H. Baker, after which a social session was held in the club rooms, a buffet luncheon being prepared by Stewards William and Johnnie Hohl. A splendid time was enjoyed by all present.

The new exalted ruler of the Elks, James R. Cooper, after taking office, announced the following appointments: Esquire, Carl Schaller; inner guard, W. B. Sergeant; chaplain, Nelson Metz; house committee, Smith Redman, Harry Starr and Albert Gleichauf; outing committee, H. H. Baker, F. S. Scott and John Ankele; visiting committee, Walter Daugherty, W. B. Sergeant and Charles Hoover.

Granville

(Special to The Advocate) Granville, April 7.—John Hundley is chairman of a committee appointed by the Senior class of Doane Academy, to arrange for a series of moving picture shows on Friday and Saturday evening, April 9 and 10, Saturday matinee. Rev. E. E. Hoskins will be in charge of the lantern, which is an up-to-date machine, bound to give satisfaction. The proceeds of the entertainment will go into the class fund for the farewell present to the institution, which has grown into a custom here. Many will patronize the boys in order to help their enterprise, but most of the people will be glad of the opportunity of seeing a ten cent show at home, without having to pay a quarter to reach it. The plays will be announced later.

One of the new members of the Denison Summer School faculty will be Dr. F. A. Lewis, head of the new department of education in Denison University. He is a graduate of William Jewell College, Liberty, Mo. After some years of experience in the public schools of his native state, Professor Lewis entered Johns Hopkins University as a graduate student in the department of philosophy. He received his doctorate from this university, after which he became a member of the faculty of Richmond College, Virginia. Following that, several quarters were spent in the School of Education, University of Chicago. Professor Lewis has made an excellent impression during his short stay at Denison university, and he will prove himself, without doubt, a distinct addition to the summer school.

Mrs. Lewis is the newly-elected secretary of the Ladies' Social Union. Professor H. C. Lott, M.P.D., A. M., professor of psychology in the Michigan State Normal school, Ypsilanti, will assist Dr. Lewis in the summer school, and we are quite sure with two such men as Professor Lott and Dr. Lewis in charge of the work of education, this department will prove to be the equal of any in the state. Other new members of this faculty will be Miss Lena Gertrude Rollins, at present supervisor of the primary work in Allegheny County, Maryland; Miss Bertha Henderson, B. S., teacher of geography and nature study, who is a graduate of the University of Chicago. Teachers of geography cannot afford to miss her work; Miss Anna Kirschner, critic teacher for the first and second grades, a graduate of the Normal College, New York City, and with years of experience in New York and Cleveland, she has won a place in the front rank of teachers; Miss Grace E. Storm, Ph.B., at present critic teacher for the fourth and fifth grades in the School of Education, University of Chicago, will be critic teacher for the fourth, and fifth grades in the summer school. She comes with the highest set credentials. Miss Burk will take charge of a class in Aldine Reading and comes highly recommended; Miss Olive Jenkins, A. M., is a graduate of Denison University, having taken the full college course in physical culture, while here, and being for some time assistant to the physical director of Shepardson College. Since then she has spent a summer in the Normal Training course for Public School Gymnastics, University of Chicago, and is at present coach for the girls' athletics in the Chicago Junction High school.

Miss Frances Jones, daughter of Mr. and Mrs. J. S. Jones, a student at Miss Wright's School for Girls in Philadelphia, who has spent the Easter vacation at Bryn Du, entertained a dozen of the Doane Academy girls and boys yesterday afternoon with a The Dancers at the Jones residence on the Newark road. She leaves tonight for Philadelphia to resume her school duties.

Kappa Phi sorority house was the scene of delightful festivities last evening, the girls of Shepardson college who remained in town for the vacation, entertaining their sisters and "each others brothers" in an informal way.

Miss Anna Peckham has spent her vacation in Granville.

Miss Frances Jones, daughter of Mr. and Mrs. J. S. Jones, a student at Miss Wright's School for Girls in Philadelphia, who has spent the Easter vacation at Bryn Du, entertained a dozen of the Doane Academy girls and boys yesterday afternoon with a The Dancers at the Jones residence on the Newark road. She leaves tonight for Philadelphia to resume her school duties.

MT. VERNON STREET RAILWAY SYSTEM IS IN RECEIVER'S HANDS

Mr. Vernon, April 7.—N. C. L. Kachelmacker of Columbus filed suit here yesterday for the appointment of a receiver for the Mt. Vernon Electric Street Rail as Company and Robert L. Carr was appointed. He will operate the street railway until further orders of the court. Kachelmacker in his petition says he is president of the street railway company and presents a claim for \$4125 due him as salary while acting as president of the company.

Readers' View Point

Mr. McNamar Protests.
Editor of The Advocate:—While reading in the Newark Advocate of April 6th, 1915, I noticed that the City Council of Newark, had been petitioned to vacate a part of the alley running south from the Public square to Walnut street, that waivers of the interested of the property owners accompanied the petition. I am an interested property holder owning 155 1-2 feet fronting on that alley and I object to the alley or any part of it being vacated. I never signed nor was requested to sign a waiver of my rights as a citizen and property holder to attach to petition to have alley vacated. I had never heard that such a petition was going to be introduced at the City Council meeting. That alley is of great use to the general public, and will be more so in the future. Every citizen of Newark knows that a person can walk right out of the south door of the Court House and go on a straight line south to the north door of the Pennsylvania railroad passenger depot. Now I own 155 1-2 feet fronting on that alley and consider this alley very valuable to my property and for the operation of my business and I object to the alley being vacated, or any part of it to be vacated. I will not stand and see the value of my property damaged. In December, 1889, I petitioned the City Council to vacate 198 feet of an alley running East and West between two pieces of my property, and the Council passed an ordinance granting that part of the alley to me. A number of tax-payers objected to the closing of the alley and applied for an injunction to prevent me closing the alley permanently. I cut out of one of the Newark papers a small printed article referring to the injunction suit and the below is a copy of it:

NO RIGHT TO CLOSE.

Judge Buckingham Decides an Alley Question.
A most important decision and one that interests every resident of South Third street as well as Second and many others has just been made by Judge Buckingham. It is in relation to the closing of the alley north of the McNamar Machine Works and running east to Second street. The decision was given that the mere vacation of an old established alley by the city council did not give the right to any person to close it up. The finding was against the Messrs. McNamars, who immediately closed it up after the council vacated it. They gave notice of appeal.

I want to say that the injunction referred to above was made perpetual. Now, the fact is the City Council or even the citizens at large have no right to tax the general public or take away their property and give to any one set of people to invest in private business or venture. That has been settled in our Courts right here in Newark.
